IMPERATIVE TO FUNCTIONAL PROGRAMMING JUMP START (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English. Brand New Book ***** Print on Demand *****. In computer science, imperative programming is a programming paradigm that uses statements that change program's state. In much the same way that the imperative mood in natural languages expresses commands, an imperative program consists of commands for the computer to perform. Imperative programming focuses on describing how a program operates. The term is often used in contrast to...
