Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The concept of the soul is accepted in many religious traditions and widely used in fictional worlds, and yet the idea that we are anything more than physio-chemical organisms seems out of step with contemporary secular thinking. Scratch the surface of western philosophy, however, and you find a history filled with arguments in favour of the idea that we are embodied souls. This book provides a clear and concise history of the soul, from Plato to cutting-edge contemporary work in philosophy of mind. Taking in the arguments of influential thinkers, such as Aristotle, Aquinas, Descartes, and Hume, Goetz and Taliaferro tackle keys issues, such as the problem of mind-body interaction, the causal closure of the physical world, and the philosophical implications of the brain sciences for the soul s existence. A Brief History of the Soul brings together historical and contemporary scholarship to examine one of the essential questions of our existence. Stewart Goetz is Ross Frederick Wicks Distinguished Professor in Philosophy and Religion at Ursinus College. He has written extensively on the philosophy of mind and action theory and his books include *Freedom, Teleology, and Evil* (2008), *Naturalism* (with Charles Taliaferro, 2008), and *The Soul Hypothesis* (edited with Mark Baker, 2011). Charles Taliaferro is Professor of Philosophy at St. Olaf College. He is on the editorial board of the *American Philosophical Quarterly*, *Religious Studies*, *Sophia*, and *Philosophy Compass*. His books include *Consciousness and the Mind of God* (1994, 2004), *Naturalism* (with Stewart Goetz, 2008), *A Companion to Philosophy of Religion*, 2nd edition (edited with Paul Draper, Wiley-Blackwell, 2010), and *The Image in Mind* (with Jil Evans, 2010).
