Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a book about the Myth of September 11. About the facts and the motives behind this myth, the smokescreens of the war of perception and the psychology and insanity connected with this. To expose this myth completely is a modern blasphemy, an unbearable heresy; it's the Satanic Verses of Western Democracy. This is a taboo argument that cannot be freely discussed on TV, in the press or in Parliaments. As more and more people stop believing in the dogmatic Official Version of the events of September 11, 2001, an increasingly sophisticated manipulation of social attitudes is necessary to keep Western institutions from crumbling under the weight of their own contradictions. By now there are plenty of books telling an alternative story of the events of September 11. These books are banned in schools and universities and popular bookshop chains and nevertheless acquire more and more readers. That's because such books disregard the myth and do the best they can to tell the truth about the events of that day. And there are also many independent films which do the same and which have been viewed tens of millions of times on Youtube, but are still banned from TV. However, most of these book and films don't manage to go beyond the facts of that day. Generally they are good works of journalism, but as such they stay anchored to the bare facts, and often fail to envision the Big Picture. The Myth of September 11 - The Satanic Verse of Western Democracy is much more than a book of investigative journalism. It's a vision of a Zeitgeist, of the...
