

Inflation Matters: Inflationary Wave Theory, Its Impact on Inflation Past and Present . and the Deflation Yet to Come

By Pete Comley

Createspace, United States, 2015. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****. This well written, thoroughly researched and interesting book provides a comprehensive and well balanced account of what causes inflation and what we can do about it. John Mills (economist, political commentator, and founder and chairman of JML, the consumer goods company.) This easily readable book (it is mercifully free from equations, jargon and excessive references) serves two purposes. The first is to describe and explain the concepts involved and the implications of inflation at various levels. It answers the textbook need for a clear and straightforward grasp of the subject. The second purpose is to derive a very long term pattern of cycles which, being likely to continue into the future, may assist in prediction and thus in making investment decisions. If a book is to enable one to assemble a body of knowledge constructively and systematically and if one hopes in the process to be stimulated into new thoughts, then Inflation Matters is not only well worth reading but a book that amply justifies its title.
