National Professional Resources (NPR), 2013. Other. Book Condition: New. The Common Core State Standards, which have been adopted in most states in the country, delineate the skills and knowledge that students are expected to possess at each grade level (K-12) in order to be college and career ready (CCR) by the time they graduate high school. They are designed to ensure that ALL American students--including students with disabilities--receive a high quality education that positions them for lifelong success.
