Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book aims to show the symbolism of precious stones in Jewish, Christian and Muslim Iberian (Spain and Portugal) texts. The fact that texts from different religious backgrounds shared certain commonalities in regard to the symbolism of stones deepens our understanding of the interactions among the Muslims, Jews and Christians communities of medieval Iberia. It is part of a type of cultural convivencia (peaceful coexistence) in which the ideas, desires and fears reflected in these stones do not represent a specific religion but rather a frontier space between different religions and cultures. The three religions are represented mainly through the analysis of three medieval Iberian works: Ibn Hazm Ring of The Dove (Muslim); the lapidary of the king Alfonso the X and the Libro de Buen Amor (Christian); various medieval songs (romances) composed in Ladino or Judeo-Spanish (Judaism). The symbolism carried by these stones takes us through a border-like path that represents the border-like situation of Spain at the time. Furthermore and in order to broaden our understanding of the symbolism of these gems, I have added some references to these stones in *Tirant lo Blanc* by Joanot Martorell (1490), the *Celestina* by Fernando de Rojas (1499) and Miguel de Cervantes famous work *El Ingenioso Hidalgo Don Quijote de la Mancha* (1605-1615). The second part of this book contains a translation of the Lapidary of Alphonse the tenth, king of Castile. It aims to show the desires and fears of common people during the Middle Ages in Iberia. This lapidary contains brief entries that explain the virtues and descriptions of each stone. These virtues are not exclusively orientated towards rich or noblemen, instead they contain everyday fears and desires of common people....
