The Complete Book of Puppetry (Paperback)

By George Latshaw

Dover Publications Inc., United States, 2000. Paperback. Condition: New. Language: English . Brand New Book. In this informative volume, a master puppeteer shares his expertise in the variety of behind-the-scenes skills involved in bringing puppets to life. Drawing on years of experience, George Latshaw conducts readers through every stage of the puppeteer's art, from simple, preparatory hand exercises to advice on performing before an audience. Following a brief retrospective of the fascinating ancient art of puppetry, Latshaw offers clear, abundantly illustrated suggestions for preparing for a performance, explains how to construct several types of puppets, and presents a series of exercises that promote the development of distinctive voices for characters and the translation of human body language into puppet movement. Readers will also find a wealth of expert advice on designing stages and puppet environments, writing and adapting plays, and directing productions. A chapter on performance-related tips features helpful hints on scheduling, setting up, handling hecklers, and making an exit that's both efficient and graceful. A splendid addition to any puppeteer or puppet-lover's library, this profusely illustrated guide will also serve as an effective reference book in schools, libraries, and civic organizations involved in theatrical productions.

Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Mrs. Bridgette Rau MD**

Merely no phrases to spell out. I actually have read through and i am certain that i will gonna study once again again later on. You wont truly feel monotony at at any time of your time (that's what catalogues are for about should you check with me).

-- **Jaiden Konopelski**
