Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Kate becomes the driving force behind architect James O Hara s efforts to build a unique National Theme Park. Its purpose is not like that of any other in the world. Finding financial backing for this altruistic project is virtually impossible. In their efforts to raise the necessary funds they are drawn ever closer together, with several other love interests developing amongst the team gathered around them in pursuit of their dream. As the tale evolves so the pace quickens, with each chapter producing twists and sub plots. There are numerous surprises and seemingly unnatural coincidences emergent from the so called Chaos Theory and the Six Degrees of Separation phenomenon which add to the intrigue. The author apologises for the tear jerking inclusion of one chapter in particular which cannot fail to moisten the eyes of those readers with a sensitive disposition. However, it was an essential element of the plot and it is hoped it will not spoil your enjoyment of the overall narrative. Let your own imagination boldly run riot in pursuit of the feel good factor .
