

Beekeeping 101: A Step by Step Guide to Beekeeping (Paperback)

By Janet Bowman

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Bees are a wonder of nature and vital for global agriculture and human existence. In the recent years, the number of amateur beekeepers has increased exponentially. This practical guide introduces beginner beekeepers to beekeeping and offers a clear and concise introduction into the fascinating world of honeybee and beekeeping. This book offers practical advice for anyone planning to take up this absorbing hobby. With this step-by-step guide build your own beehives, and harvest golden honey for you and your family and sell the surplus. The writer tells you from his own experience how to go about setting up a hive and what to do during the first few years to prevent pest and diseases and harvest the maximum amount of honey. If you are just starting out as a novice beekeeper and wondering about the best site for your beehives, the tools, and equipment you will need, how to treat pests and disease, prevent swarming, and how to produce good quality honey - this book provides answers to all your questions and solves any problem that might occur.
