Networking All-In-One for Dummies, 6th Edition (Paperback)

By Doug Lowe

John Wiley Sons Inc, United States, 2016. Paperback. Condition: New. 6th Revised edition. Language: English . Brand New Book. Are you ready to build a network, but aren't sure where to start? Networking All-In-One For Dummies, 6th Edition walks you through the basics. With nine self-contained minibooks that feature the latest updates on networking trends, including revised content for Windows 10 and Windows Server 2016, as well as updated coverage of broadband technologies, storage, and back-up, this fully-updated text will become your go-to guide for network development. This easy-to-understand guide gives you everything you need to dive into the network development game. Networking entails the connection of two or more computers, allowing them to share resources and exchange data. This is essential in the workplace, and has become highly popular in home settings as more and more people are connecting their home computers. Whether you're a network administrator or someone who wants to create a home-based network, understanding how to build your network effectively is critical to your success. Learn networking basics, including what a network is and how to build one. Understand how to effectively carry out network administration while maintaining high levels of security. Explore different...

Reviews

An incredibly great book with perfect and lucid answers. Better than never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).

-- **Nannie Lindgren Jr.**

This book might be well worth a study, and much better than other. Indeed, it can be perform, continue to an amazing and interesting literature. I realized this publication from my i and dad suggested this book to find out.
