A Brief: Course in College Algebra (Classic Reprint)

By Walter Burton Ford

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 278 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Excerpt from A Brief: Course in College Algebra The present book, which is intended as a text for use in the freshman year of college or technical school, has been prepared with the following considerations particularly in mind. (1) In view of the fact that a considerable number of pupils enter college today for whom no knowledge of quadratic equations can be assumed, it seems desirable to include a complete treatment of this important topic in the present-day college text. Two chapters (II and III) are therefore devoted to quadratic equations, the first of which, however, is altogether elementary and may be omitted at the discretion of the teacher. (2) In order to meet the needs and customs of different institutions, the various chapters have been made quite independent of each other, thus permitting a ready adjustment of the book to either a long course or a short one, and affording the teacher the greatest possible flexibility in the choice of topics for any course of given length. In this connection the author feels that it should be frankly recognized that today college...
