

A Text-Book of the Strength of Materials and of Stresses in Structures: For Use in Scientific High Schools and Schools of Technology (Classic Reprint) (Paperback)

By Thomas W Mather

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Text-Book of the Strength of Materials and of Stresses in Structures: For Use in Scientific High Schools and Schools of Technology A study of the Strength of Materials and of methods of finding the stresses which occur in structures, has hitherto been usually left to Schools of Technology and Colleges. The reasons for this appear to be, either that all of the time in the lower school is needed to prepare for entrance examinations into the higher; or it is conceived that the mind can be better trained in some other way; or that this and allied subjects are too difficult to be successfully taught in High and Manual Training Schools. In case the pupil is expecting to enter a college, It is of course necessary to meet the preparatory requirements, for which most of the available time may be needed, but the Author is strongly of the opinion that in Schools from which the great majority pass directly into the active work Of life, such studies should occupy a prominent place; that, while the purely mathematical studies, Algebra, Geometry...
