

North Haven

By Sarah Moriarty

BRILLIANCE AUDIO, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Sarah Moriarty's stunning debut is a portrait of the family scars and faults passed along the generations, brilliantly capturing life on the Maine coastline, where time seems to stand still even as the waters never stop moving. On an island in Maine, four siblings arrive at their sprawling, old summer place for the Fourth of July. It's the Willoughbys' first summer without their parents, and their beloved house is falling apart. When a substantial offer is made on the estate, the two brothers and two sisters are forced to confront issues they had hoped to keep hidden. An homage to the layers and limits of the family bond, *North Haven* explores the shifting allegiances between siblings as they contend with their inheritance, the truth of family lore, and even the veracity of their own memories. This lyrical and moving novel delves into the secret world that exists between parents, one their children don't fully understand, much as they may think they do.
