Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which it basically changed me, modified the way I really believe.

It is my pleasure to express my sincere gratitude to my first supervisor. Dr. Michael V. McDonald, for his invaluable guidance and kind assistance during the research and the preparation of this thesis. I am indebted to my second supervisor Dr. C. Hillenbrand for supervision that has been most beneficial to the revision of this study. I am most grateful to my former supervisor Prof. Dr. Nejat Göyünç, who is working as an experienced supervisor at the Archive Department in the University of İstanbul and who read my original text through and made valuable suggestions. I am extremely grateful to the Republic of Turkey and Celal Bayar University in Manisa in Turkey for the financial and official support without which this research could not have been realised.
