A SEMANTIC AND STRUCTURAL ANALYSIS OF PHILEMON (PAPERBACK)

Sil International, Global Publishing, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The books in this series are analytical commentaries on the Greek text of New Testament books. Each book first identifies the high-level semantic components of the text and indicates the relationships between them. These components are then further analyzed to identify sub-components and their relationships. This process is continued until the basic units of communication, called propositions, are identified....
