Clear Think Publishing, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Liar detection that works Spot liars by their actions. This requires that we learn to pay more attention to the actions of people instead of their words. It may take a bit longer than going by first impressions but trust me, it s worth the effort. When the time comes to choose a business or life partner, you ll thank yourself for every effort you made to be better at detecting lies, false information and liars. Not to mention when the time comes to pass that knowledge to your children. Surely you don t want to send them out into the jungle unprepared. That s it? Spot liars by their actions? Of course, it is easier said than done which is why I wrote a book on the subject. To support this method with detailed guides, practices, and even theories about the mind. It s not like you can t already tell lies. You can! As a matter of fact you already possess the tools to become a lie detection expert. All you need is more practice, a bit of theory, information, and most importantly the inspiration to trust your split second judgments. These (split second judgments) are commonly misunderstood and ignored but once you read my book you ll know exactly what to make of them and how to harvest their power. How NOT to detect lying Many guides claim that liars can be detected based on physical signs such as tone, facial expressions, body language, delayed response, and much more. Such methods are not reliable enough. But don t take my word for it. Just do a few Goggle searches and read some of...
