By L Emmett Holt

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Care and Feeding of Children: A Catechism for the Use of Mothers and Children s Nurses The constant use of the Catechism as a manual for nursery maids has shown the need of fuller treatment of several subjects than was given in the earlier editions. An attempt has been made to meet the needs of mothers and nurses outside of institutions who have made the book a nursery guide, especially in matters relating to older children. The chapters upon infant feeding have been largely rewritten and, it is hoped, simplified for the average reader. Some further details relating to infants whose nutrition is difficult have been introduced, although the scope of the book makes this part necessarily brief. The author s aim has been not to alarm the mother by acquainting her with all the possible diseases and accidents which may befall her child, but to open her eyes to matters which are her direct and chief concern.
