WILD BIRDING COLORADO: THE BIG YEAR OF 2010 (PAPERBACK)

Outskirts Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In recent years, the sport of birding has evolved into a multimillion-dollar industry serving a growing number of birdwatchers seeking more species to add to their ever-growing lists of birds identified. An elite group of these bird enthusiasts who compete for the largest lists have become known as extreme birders. Although extreme birding requires tremendous skill and expertise, the emerging sport of competitive birding gets little coverage on television and in the press. Nonetheless, the stories of individuals' feats in attaining new records of species seen can be just as interesting as the feats of star athletes in sports made popular by the media. Wild Birding Colorado is such a story. Full of interesting facts about many of Colorado's 490-plus species of birds, the book is the true account of an extreme birder with a dream of breaking what seemed an unbreakable record. Cole Wild's perseverance in realizing his goal shows what it takes to rise above the ordinary, and provides inspiration to anyone with a dream of outstanding achievement. In Wild Birding Colorado, naturalist Cole Wild offers an insider's view into the world of competitive bird watching in Colorado. The book weaves the thrilling tale of Wild's amazing feat of establishing a new record for most bird species observed in one year (known as a Big Year). Wild's record 412 species in 2010 has beaten the old Colorado Big Year record of 391 set in 2008. Wild Birding Colorado rivals other birding Big Year stories such as Mark Obmascik's The Big Year and Kenn Kaufman's Kingbird Highway. The author's entertaining spoken narrative, transcribed to the written word by wildlife biologist and co-author...
