Brand New Book ***** Print on Demand *****.Excerpt from The Metaphysics of Education An attempt is made in this volume to unify the various factors in education into an organic whole. There is an underlying principle running through the discussion which gives unity and coherence to the multiplied facts and activities in education. A metaphysics of education grounds the facts and processes of education in a world principle and shows how this principle takes care of the practical problems of education. This text emphasizes the fact that there is an inner connection and an inner penetration of philosophic principles and educational facts. A comparative study is made of educational facts and basal concepts in education in order to test their philosophical significance and implications. Such facts as teaching, the school, the curriculum, educational aims, etc., are compared and related to mind, law, interaction, purpose, etc. These problems are studied inductively beginning with the concrete educational facts, deriving the fundamental conceptions in education and finally relating both facts and concepts to a universal principle which binds both together into a harmonious whole. Finally a critical...
