Reviews

Totally one of the best pdf We have possibly study. Yes, it really is perform, continue to an interesting and amazing literature. I am happy to let you know that this is the very best ebook i actually have go through in my personal life and can be he best pdf for possibly.

(Korbin Hammes)

CYBERNETICS, WARFARE AND DISCOURSE

Springer-Verlag Gmbh Apr 2017, 2017. Buch. Condition: Neu. Neuware - This book critiques mainstream beliefs about cyberwarfare and forges a new path in the way of defining this largely misunderstood concept. Rather than outlining cyberspace as a new technology applied in military operations, here, Tsirigotis rallies against this technocentric account and establishes how cyberspace, first and foremost, should be categorized as a new way to understand war and military power in the Information Age. Using genre analysis and Corpus Linguistics, the author scrutinizes how cyberspace has changed the way the UK comprehends war and military power, and how the cybernetisation of war has manifested itself in Britain's approach to national defense and security. 176 pp. Englisch.
