Even if it Costs me my Life: Systemic Constellations and Serious Illness (Paperback)

By Stephan Hausner

Taylor Francis Ltd, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. Family constellations work has broadened and developed in many different fields as a method of counseling and therapy. In addition to constellations in organizations and schools, applying this approach to working with illness and disease has expanded the potential for healing effects in the field of medicine as well. A view of transgenerational entanglements and family dynamics casts a new light on health and disease, and the insights gained from constellations with illness and health problems have led to a more holistic view of those who are ill. In Even if it Costs me my Life, Stephan Hausner aims to provide a picture of the healing potential of systemic constellations, entering into the reciprocal effects of family dynamics and illness. Extensive use of case studies demonstrates this technique in action, revealing how existing illnesses and pathologies are rooted within the family dynamic, and setting up healing postures to facilitate growth, development, and direction.

Reviews

These types of ebook is the best book available. It really is written in easy terms instead of hard to understand. You will like just how the article writer create this book.

-- **Krista Nitzsche Jr.**

A very amazing ebook with lucid and perfect answers. it was actually written quite flawlessly and useful. Its been written in an exceedingly basic way and it is simply right after i finished reading this publication in which basically changed me, change the way i really believe.
