Mystery, History and Future: A Parable of Objective Truth (Hardback)

By Allan Josephson

AUTHORHOUSE, United States, 2007. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Every day, in many ways, we use self-evident truth known as axioms. Yet such truth, discovered not invented, unchanging for all time, foundational to all of nature and the sciences, is little understood. Whether understood or not, we obey the quantitative axioms of nature in order to survive. As well, axioms form our way of thinking, establish the starting place of every theory, and are embedded in the many business rules by which we work and live. Here, we tour in conceptual terms everywhere and everywhen- throughout all time- the mystery, history and future of these tiny grains of objective truth, finding by their wonderful characteristics that they point to intelligent design, and by implication to an Intelligent Designer. After touring nature and the sciences to uncover our exemplary slice of objective truth, and after our virtual Meeting of the Dream Team of Discovery where past and current great scientists and technologists bestow their ideas, each reader may attain or strengthen positional freedom. This is the freedom found by many scientists who searched for the mind of God and by myriad everyday persons through their...
