## INTRODUCING WITTGENSTEIN

Icon Books, 2009. Paperback. Condition: New. Ludwig Wittgenstein has captured the popular imagination as the modern Socrates, the fascinating master of enigmatic reasoning who, with his icy logic, convinced Bertrand Russell that there was a hippo in the room. He is an icon of modernism, but what did he really say? In *Wittgenstein: A Graphic Guide* we meet a strange man, a rigorous logician who prized poetry above philosophy, who inherited a fortune and gave it away, who sought death in the trenches of the First World War, a great teacher who advised his students to give up philosophy, a solitary man who nonetheless inspired lifelong friendships. We are also given a clear and accessible guide to Wittgenstein's central work, the *Tractatus Logico-Philosophicus*, a glacier of logic, and his later, friendlier *Philosophical Investigations*. Here is an accessible introduction for anyone baffled by the complexity or intrigued by the reputation of this great 20th-century philosopher. Paperback.
