Harriman House Publishing, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Tennis is the second biggest sport for in-play turnover in the betting markets. It offers fantastic potential for educated, professional traders to achieve high levels of profits. Mastering Tennis Trading gives you the tools to take a calm, strategic approach to tennis trading - in contrast to the emotional, impulsive trading style of many - and this will give you an edge in the markets. You will learn tennis trading strategies for the in-play markets on the online betting exchanges - the largest of which are Betfair and Betdaq. The strategies presented will open your eyes to the possibilities in the in-play tennis markets and help you to add statistically-proven techniques to your trading armoury. This will give you a professional, organised trading script and prevent you from taking a haphazard, impulsive and purely gambling trading approach. Strategies featured include: - Backing the favourite when losing - Backing the server - Laying bad servers - Tiebreak trading - At the end of the first set - The deciding set - And many more! Guidance is given on basic areas such as a trading set-up and how to avoid technological issues, through to more advanced subjects such as assessing which trading strategies work best and which entry points provide the best risk/reward ratios, as well as avoiding specific danger points which will help to eradicate costly losses. There are also statistics, compiled over many hours, that reveal high-odds trading opportunities. With the help of Dan Weston, you will be able to improve your tennis enough to earn you a part-time income, or to eventually allow you to turn full-time once you have gained enough experience. You ll soon be on course to master tennis trading.
