Reviews

These kinds of ebook is almost everything and got me to seeking ahead of time plus more. It really is filled with wisdom and knowledge I discovered this book from my i and dad advised this publication to learn.
(Sonny Bergstrom)

RETHINKING SUPERHERO AND WEAPON PLAY

[DOWNLOAD](#)

Open University Press. Paperback. Book Condition: new. BRAND NEW, Rethinking Superhero and Weapon Play, Steven Popper, Rethinking Superhero and Weapon Play offers a fresh and knowledgeable insight into children's fascination with superheroes and weapon play. It explores what lies at the heart of superhero and weapon play and why so many children are drawn to this contentious area of children's play. This innovative book offers: A detailed look at why many early years professionals and teachers are cautious about superhero and weapon play. Does weapon play make children more violent? Do 'goodies versus baddies' stories make children more confrontational? Do superheroes offer positive gender role-models? The book tackles these questions and suggests some alternative perspectives, as well as offering practical advice about keeping children's superhero and weapon play positive and productive. An exploration of how superhero and weapon play relates to the development of children's moral values, moral principles and moral reasoning; the building of children's co-operation, empathy and sense of community; and the development of children's sense of self and self-esteem. Discussion of the deep moral themes that lie within superhero narratives, and how superhero characters and narratives can be used to enhance and deepen children's understanding of good character, moral responsibility, attachment, prejudice and ill-treatment, and why it is important to be good in the first place. A wealth of learning opportunities and suggestions of ways to use superheroes to advance children's moral, philosophical and emotional thinking. This book is an excellent resource for those studying or working in early years or primary education who wish to understand the phenomenon of children's superhero and weapon play and make the most of children's enthusiasm for it. "Warm, funny, smart, and honest, the argument made in Steven Popper's book astutely, and with a sharp eye for detail, teases out many...
