Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Language, Mythology, and Geographical Nomenclature of Japan Viewed in the Light of Aino Studies If little is generally known either in Japan or in Europe concerning the natives of Yezo, the reason must be sought in the remoteness of the subject from topics of general interest. There is no lack of books dealing with the Hairy Ainos. Dr. Scheube has weighed and measured them. The Chevalier Heinrich von Siebold has beautifully portrayed their utensils. Miss Bird has described their customs in her picturesque style. Before the time of these foreign travellers, men like Nogami, Mamiya, and Matsuura had recorded in print their experiences of travel in every accessible portion of the island. Other Japanese had described Aino manners, Aino superstitions and traditions. At least one Catholic missionary had penetrated into Yezo as early as the year 1617. Indeed, the Jesuit Father Froes had indicated, if not clearly asserted, the existence of the Ainos in a work published a.d. 1574. The catalogue of Japanese and European books on the subject, appended to the present Memoir, includes several hundreds of titles; and there doubtless still remain many others to be unearthed from the dust of old-fashioned libraries. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
