Law and Economics: Alternative Economic Approaches to Legal and Regulatory Issues (Hardback)

By Margaret Oppenheimer, Nicholas Mercuro

Taylor Francis Inc, United States, 2004. Hardback. Book Condition: New. New.. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The economic analysis of legal and regulatory issues need not be limited to the neoclassical economic approach. The expert contributors to this work employ a variety of heterodox legal-economic theories to address a broad range of legal issues. They demonstrate how these various approaches can lead to very different conclusions concerning the role of the law and legal intervention in a wide array of contexts. The schools of thought and methodologies represented here include institutional economics, new institutional economics, socio-economics, social economics, behavioral economics, game theory, feminist economics, Rawlsian economics, radical economics, Austrian economics, and personalist economics. The legal and regulatory issues examined include anti-trust and competition, corporate governance, the environment and natural resources, land use and property rights, unions and collective bargaining, welfare benefits, work-time regulation and standards, sexual harassment in the workplace, obligations of employers and employees to each other, crime, torts, and even the structure of government. Each contributor brings a different emphasis and provides thoughtful, sometimes provocative analysis and conclusions. Together, these heterodox insights will provide valuable supplementary reading for...
