Date :2011-7-1. Chinese students are good at computing. especially good at mental arithmetic. Of course. to calculate the fast and accurate. we need to know some good methods and techniques. so the math is my favorite clever students in one discipline. In 2010. Shanghai students participate 2ut by the Organization for Economic Cooperation and Development organized by the ability of students tested (pisa). the authoritative international testing aimed at understanding the 15-year-olds (equivalent to junior high school) in reading. mathematics. science three of capacity. Take the test on behalf of China Shanghai about 5100 workers 5-year-old students in reading. mathematics and science tests in all three come out on top. and ability in mathematics. Chinese students sharing almost 600 points. 38 more than second place in Singapore points. In addition. Chinese students scoring at level 6 ratio exceeds 25%. which is all 65 countries and regions in the highest. This also shows that China's primary and secondary school mathematics teaching has its own characteristics. for the students to lay a solid foundation. Computing ability. the primary mathematics teaching in one of the important tasks. Zhou Jie editor of this infant teacher three measures pass; daily five minutes fast count by grade section. the basic synchronization and teaching materials. starting from the student's knowledge base. focusing on students good computing power and flexible use of knowledge. and learn from some of the basic mathematical ideas and mathematical methods. Which is to stimulate students interest in mathematics. to lay a solid foundation in mathematics should be very beneficial.
