9 TOMATOES A DAY: STONE RICHARDS TRILOGY

Anderson, Berkly and Stone Publishers. Paperback. Book Condition: New. Paperback. 214 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. This magnificent story opens with a compelling discussion on the origins of poverty, and how over half of the Earth's population lives in squalor. It is proposed that the solution to this senseless blight on humanity can also become the key to a global economic recovery. A retired intelligence officer, Stone Richards, who is tormented by vial government secrets he uncovered during his military service, introduces a focused plan that can solve multiple problems and eventually bring the economy back from the brink of collapse. A biblical thesis that proclaims two or more people working towards a common goal can move mountains becomes the story's central plot as Hollywood's best known actors adopt the plan and create a reality show which results in the building of a model farm cooperative in Haiti. The farm houses 10,000 families who live in and own the farm for a cost of harvesting just 9 Tomatoes a Day. The elite Haitian families and international corporations, however, want to keep the majority of the Haitian people illiterate and in poverty. They try to stop the farm from being built, so they can continue to control the government and the country's natural resources. Stone calls upon his military training and the darker side of his nature to sequester the detractors which ultimately insures the farm's success, and demonstrates to the world that greatness results when everyone cooperates. The story proposes a practical path for economic and environmental recovery, suggesting fiction can become reality if humanity's greatest potential is called upon.
