This unique book paints a revealing picture of America and its people for those foreigners who will benefit from a better understanding of America. It will also inform Americans who want to learn more about the U. S. and how it compares to other countries around the world. World traveler and teacher Lance Johnson studies cultural differences and the difficulties foreigners have understanding crazy America, as some call it. Foreigners might come to the U. S. to work for American employers, to open branch offices or factories for their homeland employers, to start their own businesses, or go to school. There are lots of other examples, too. FORMAT Each of the 26 chapters brush strokes contributes to the final painting of what America is all about. The chapters are grouped into four books. (An all-in-one book is also available.) Book 1 (A to G, this book) Americas Heritage. This defines the historical background of why...
