Behavior Management: Traditional and Expanded Approaches

By Norris M. Haynes

University Press of America. Paperback. Book Condition: new. BRAND NEW, Behavior Management: Traditional and Expanded Approaches, Norris M. Haynes, Behavior Management: Traditional and Expanded Approaches serves as a reference guide on the implementation of basic and more advanced behavior management strategies. It covers the principles and application of basic learning theories as well as those that integrate cognitions and emotions in treatment frameworks. It takes the reader through the essential steps in developing behavior management plans, including conducting functional behavior analyses and curriculum-based assessments. The contributors describe and share examples of various behavioral intervention techniques that address behavioral challenges in a variety of settings. These methods include more traditional approaches, such as classical and instrumental learning strategies and cognitive behavior management techniques. They also discuss less traditional and alternative approaches, including social and emotional learning, character development, and yoga. The book is appropriate for professionals in various specialty areas, including classroom teachers, college professors, and undergraduate and graduate students majoring in general education, special education, school psychology, psychology, educational leadership, school counseling, and social work. It is also appropriate for professionals who work with children on the autism spectrum and for board certified behavioral analysts.

Reviews

Complete guideline for publication fanatics. It is written in easy phrases rather than hard to understand. I am very happy to inform you that this is basically the finest pdf we have studied in my personal life and can be the finest pdf for at any time.

-- **Saul Mertz**

An extremely wonderful book with perfect and lucid information. This can be for all those who state there had not been a really worth reading through. It has been written in an exceptionally easy way and it is only after I finished reading this ebook in which it actually modified me, altered the way I really believe.
