Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.This book covers the basics from domain name registration and web site hosting - selecting a host and registrar, selecting a plan, price comparison. We will then go into installation of WordPress using your host's Control Panel or the WordPress copy/install instructions. You will see four free themes installed and illustrated before moving forward with the spacious theme. We will demonstrate various plugins for: search engine optimization backups maintenance mode security plus other functionality You will even see specific setups and suggestion for some of these. We will work on customization in two different forms - PHP screen design and coding for use directly in WordPress and a custom C# project focused on enhancement of eCommerce order tracking. This Ebook, although it has a few beginner parts, is definitely focused on an intermediate to advanced WordPress designer. If you are a visual learner, you will greatly appreciate the large number of screenshots designed to guide and enhance the learning experience. From a programming/customization standpoint, you can type the complete code as displayed, or download and install.
