

What Number Is God: Metaphors, Metaphysics, Metamathematics, and the Nature of Things

Filesize: 5,5 MB

Reviews

Unquestionably, this is the best work by any author. Better then never, though i am quite late in start reading this one. I realized this publication from my dad and i advised this pdf to find out.
(Nelson Zemplak)

WHAT NUMBER IS GOD: METAPHORS, METAPHYSICS, METAMATHEMATICS, AND THE NATURE OF THINGS

State University of New York Press. Paperback. Condition: New. 236 pages. Dimensions: 9.0in. x 5.9in. x 0.5in. This book uses modern mathematical metaphors to better understand religion and philosophy. Voss's work is probing, suggestive, easy to read. She's done masterful work of bringing together disparate fields--a nice blend of science, philosophy, and religion. It shows extremely good use of a wide-range of significant sources. Original. Sincere. --A. Pav, Eckerd College The focus on science and religion alone would place this book into an arena of perennially significant works. The focus on mathematics, so widely misunderstood by both the initiated and the uninitiated, makes it all the more significant. The author also addresses the problem of metaphor in science, a topic of great concern in both literary theory circles and in the field of science and technology studies. --Sal Restivo, Rensselaer Polytechnic Institute This book uses modern mathematical metaphors to better understand religion and philosophy. The ancient Greeks held that number rules the universe and that God ever geometrizes. Here author Sarah Voss explores the historical connection between mathematics and religion in her provocative book, *What Number Is God*. Citing many examples, she shows that humankind has long used mathematics metaphorically to understand and make sense of life's most fundamental questions. As Voss shows, contemporary society also uses metaphors of mathematics to investigate such issues, though in a fashion that is frequently overlooked or denied. The intentional use of contemporary mathematical ideas as metaphors for metaphysical notions can have a dramatic impact on modern society, in part by providing new symbols to replace old religious language which has lost its power to excite. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
