Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The average American puts in forty-plus-hour weeks and looks forward to their precious two-week vacation. Yet I know that given the chance, everyone would like to travel more. It s just that travel is expensive. Or is it? In my 15 years of traveling, I realized that the more you travel, the more you learn and discover that there are many ways to do so -- without going broke, sacrificing comfort, or missing out on experiences just to keep within your budget. I realized that the greatest lie of all is that travel is expensive. There are many ways to travel cheaply, they just aren t advertised. Because it simply won t be viable for big media companies or advertisers if they shared secrets on how to travel cheaper and longer. So, I decided to create this budget travel guide to share with you some lessons I learned along the way. I ll teach you: How to prepare yourself for the road ahead. Aside from making a way to save funds for your travel, one crucial aspect to develop is a can-do mindset Managing your money and time when on the road How to put together a grand travel plan - one you can use to stretch your trip from the usual two-weeks, to as long as you want And lastly, how to enjoy traveling even when on a budget This book is not about traveling like a pauper. Rather, it is about traveling smarter, so that you enjoy the best experiences that your budget can afford. Sit back, grab a map, and let s plan that epic trip together.
