

The Digital Storm: A Science Fiction Reimagining of William Shakespeare's the Tempest (Hardback)

By Benjamin Gorman

Not a Pipe Publishing, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Digital Storm is an ingenious science fiction retelling of Shakespeare's The Tempest set in the near future inside a bank's intranet. But just how far does his revenge plan go? Whether doling out interesting trivia about frogs or inserting comic relief into scenes of discord, Gorman seems to be enjoying taking the reader on a satisfying journey in which, much like the resolutions of Shakespeare's plays, most of the characters get exactly what they deserve. -Debby...
