Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.We don't just need kids to graduate. We need to be able to teach them how to become excellent contributors to society and good citizens. Effectiveness is the least we should expect of schools. Successful schools are schools that are not only effective, but have a reputation for academic excellence, have good attendance, have good student behavior in school, have parents who are satisfied with the school, have students who are satisfied with school life, and have a reputation for excellence in the community. Wayne Dennis has been a principal at all levels of education and has been credited with turning around several schools in the New Jersey area. In his publications and presentations, he imparts and passes on that knowledge to school leaders who are interested in making change. Dr. Beth Lynne has led others in a variety of ways: teacher, administrator, dissertation coach/mentor, and many more. This dynamic team is on a mission--to create schools that are no longer a work in progress, but institutions of learning that prepare our children for the future. Join them at the Round Table for the tools and knowledge that can make your school a successful one!.
