In order that those who have to interpret this instrument may have some guide as to the intentions and expectations of the parties when entering into this compact, they herewith make record of their spirit and purpose, their hope and expectations, so far as they are now able to forecast or state them. On the part of the employer it is the intention and expectation that this compact of peace will result in the establishment and maintenance of a high order of discipline and efficiency by the willing co-operation of union and workers rather than by the old method of surveillance and coercion; that by the exercise of this discipline all stoppages and interruptions of work, and all wilful violations of rules will cease; that good standards of workmanship and conduct will be maintained and a proper quantity, quality and cost of production will be assured; and that out of its operation will issue such co-operation and good will between employers, foremen, union and workers as will prevent misunderstanding and friction and make for good team work, good business, mutual advantage and mutual respect.
