By Dr Ina Zweiniger-Bargielowska

Oxford University Press, United Kingdom, 2002. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book ***** Print on Demand *****.Austerity in Britain is the first book to explore the entire episode of rationing, austerity, and fair shares from 1939 until 1955. These policies were central to the British war effort and to post-war reconstruction. The book analyses the connections between government policy, consumption, gender, and party politics during and after the Second World War. The economic background to austerity, the policy's administration, and changes in consumption standards are examined. Rationing resulted in at times extensive black markets and popular attitudes to the policy ranged from wartime acquiescence to post-war discontent. Austerity in Britain qualifies the myth of common sacrifice on the home front and highlights the limitations of the fair-shares policy which failed to achieve genuine equality between the classes or between men and women. The continuation of rationing and austerity policies after 1945 was central to party politics. Disaffection, particularly among women, undermined Labour's popularity while the Conservatives' critique of austerity was instrumental in the party's victories at the general elections of 1951 and 1955.

Reviews

Extensive information! Its this sort of great read through. It is amongst the most incredible book i have go through. I realized this publication from my i and dad suggested this book to understand.

-- Prof. Devon Bernhard PhD

These types of ebook is the greatest book available. Better then never, though i am quite late in start reading this one. I am just very happy to explain how here is the very best pdf i actually have read through inside my individual daily life and can be he greatest book for ever.
