The city is ruled by the nobility and the Watch, or so it seems. Masked men turn the gears of fate, pushing London into a new era where artificial life is only the beginning. Arhyen is the self-declared finest thief in London. The mission was simple. Steal a journal from Fairfax Breckinridge, one of the greatest alchemists of the time. He hadn t expected to find Fairfax himself, with a dagger in his back, nor had he expected his automaton daughter, Liliana. Suddenly entrenched in a mystery too great for him to fully comprehend, he must rely on the help of a wayward detective, and an automaton who claims she has a soul, to piece together the clues laid before them. Will Arhyen uncover the true source of Liliana s soul in time, or will London plunge into a dark age of nefarious technology, where only the scientific will survive?.
