

Four Faces of the Universe: An Integrated View of the Cosmos (Paperback)

By Robert Kleinman

Lotus Press (WI), United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. Four Faces of the Universe is an adventurous survey of a universe that is deeper than science can measure. It explores key perspectives by which we can gain insight into the cosmos - mythical, scientific, traditional and evolutionary - affirming what is valid in each. Along the way we meet great figures like Madame Blavatsky, Albert Einstein, Plato, Dante, and Sri Aurobindo, and we embrace the cosmos in works of art and imagination. A journey through the Four Faces suggests how we can find our place in the world and arrive at a soul-deep harmony in it.
