Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is a useful source of information to help you take responsibility for the health of your prostate. It gives details of dietary and other lifestyle measures to prevent diseases of the prostate and covers both conventional and natural treatments. I found it very comprehensive. Doctor Andrew Weil, M.D. The problem with conventional prostate treatments is that they attack the symptoms of prostate disease, downplay their side-effects, and do nothing to eradicate the underlying causes of prostate disease and prostate cancer. What this means to you is simple: you get all the risks of controversial medical procedures and no long term benefits. Something is terribly wrong with our focus. We concern ourselves with the symptoms of prostate conditions. We ignore the causes, which are mostly avoidable. Doesn't it make more sense to treat the causes? Instead of concentrating on the conditions that are treated aggressively as an assault on the body, your prostate problems can be prevented and reduced. Men's natural health depends on natural, not dangerous, prostate treatments and a healthy prostate diet. Do not believe doctors who downplay the side effects of proven toxic prostate drugs, biopsies, prostate cancer surgeries, or radiating or poisoning the body. You can't overpower the body without consequences. Many modern day medical prostate treatments are as primitive from a holistic point of view as the practice of blood-letting of prior centuries is to us today. Incontinence and wearing diapers or saying bye-bye to good sex due to impotence are just some of the side effects of modern prostate treatments. Prostate Health Is In Your Hands But you can reverse the conditions of prostate disease without these side effects....
