THEOLOGICAL REMINISCENCES (PAPERBACK)

Process Century Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In these remarkably intimate and forthcoming reminiscences, theologian and philosopher John B. Cobb, Jr., reflects on major theological developments of the last sixty years, from the Latin American, feminist, and black liberation theologies, to Vatican II, the death of God, and the shift from existentialist to process philosophies. A major conviction of Cobb's work—amply displayed in these reflections—is that theology must engage contemporary issues. To that end, he followed a transdisciplinary approach throughout his career, integrating insights from many different areas of study and bringing different specialized disciplines into fruitful communication. As a result, Cobb has been influential in a wide range of disciplines, including theology, ecology, economics, biology and social ethics. His descriptions of these encounters are rich in personal detail and refreshingly honest.
