Indiana University Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. The work of Richard Wagner is a continuing source of artistic inspiration and ideological controversy in literature, philosophy, and music, as well as cinema. In *Wagner and Cinema*, a diverse group of established and emerging scholars examines Wagner's influence on cinema from the silent era to the present. The essays in this collection engage in a critical dialogue with existing studies-extending and renovating current theories related to the topic-and propose unexplored topics and new methodological perspectives. The contributors discuss films ranging from the 1913 biopic of Wagner to Ridley Scott's *Gladiator*, with essays on silent cinema, film scoring, Wagner in Hollywood, German cinema, and Wagner beyond the soundtrack.
