Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(**Talia Cormier**)

E-Z MATH (5TH EDITION)

[DOWNLOAD](#)

Barron's Educational Series Inc., U.S. Paperback. Book Condition: new. BRAND NEW, E-Z Math (5th edition), Anthony Prindle, Katie Prindle, Barron's "E-Z" books are self-help manuals focused to improve students' grades in a wide variety of academic and practical subjects. For most subjects, the level of difficulty ranges between high school and college - 101 standards. Although primarily designed as self-teaching manuals, these books are also preferred by many teachers as classroom supplements - and for some courses, as main textbooks. "E-Z" books review their subjects in detail, and feature both short quizzes and longer tests with answers to help students gauge their learning progress. Subject heads and key phrases are set in a second colour as an easy reference aid. This book reviews whole numbers, fractions, percentages, algebra, geometry, trigonometry, word problems, probability, and statistics. The book also presents a diagnostic and a practice test with answers.
