

Kant on Education (Dodo Press) (Paperback)

Filesize: 4.61 MB

Reviews

This is actually the very best publication i have read through till now. It is definitely simplistic but unexpected situations in the 50 % in the pdf. You can expect to like just how the article writer compose this pdf.
(Ms. Elinore Wintheiser)

KANT ON EDUCATION (DODO PRESS) (PAPERBACK)

Dodo Press, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Immanuel Kant (1724-1804) was a German philosopher and scientist from East Prussia, regarded as one of the most influential thinkers of modern Europe and the last major philosopher of the Enlightenment. In 1781, his Critique of Pure Reason was published. Although now uniformly recognized as one of the greatest works in the history of philosophy, this Critique was largely ignored upon its initial publication. Kant developed his moral philosophy in three main works: Fundamental Principles of the Metaphysic of Morals (1785), The Critique of Practical Reason (1788), and The Metaphysics of Morals (1798). He is known for his theory that there is a single moral obligation, which he called the Categorical Imperative, from which all other moral obligations are generated. He believed that the moral law is a principle of reason itself, and is not based on contingent facts about the world (e. g., what would make us happy). Accordingly, he believed that moral obligation applies to all and only rational agents.
