Reviews

A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).

(Matilda Hoeger V)

SHAM: HOW THE SELF-HELP MOVEMENT MADE AMERICA HELPLESS (ANNOTATED EDITION)

Random House USA Inc. Paperback / softback. Book Condition: new. BRAND NEW, Sham: How the Self-Help Movement Made America Helpless (annotated edition), Steve Salerno, Self-help: To millions of Americans it seems like a godsend. To many others it seems like a joke. But as investigative reporter Steve Salerno reveals in this groundbreaking book, it's neither--in fact it's much worse than a joke. Going deep inside the Self-Help and Actualization Movement (fittingly, the words form the acronym SHAM), Salerno offers the first serious expose of this multibillion-dollar industry and the real damage it is doing--not just to its paying customers, but to all of American society. Based on the author's extensive reporting--and the inside look at the industry he got while working at a leading "lifestyle" publisher--"SHAM" shows how thinly credentialed "experts" now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy. Americans spend upward of \$8 billion every year on self-help programs and products. And those staggering financial costs are actually the least of our worries. "SHAM" demonstrates how the self-help movement's core philosophies have infected virtually every aspect of American life--the home, the workplace, the schools, and more. And Salerno exposes the downside of being uplifted, showing how the "empowering" message that dominates self-help today proves just as damaging as the blame-shifting rhetoric of self-help's "Recovery" movement. "SHAM" also reveals: - How self-help gurus conduct extensive market research to reach the same customers over and over--without ever helping them - The inside story on the most notorious gurus--from Dr. Phil to Dr. Laura, from Tony Robbins to John Gray - How your company might be wasting money on motivational speakers, "executive coaches," and other quick fixes that often hurt quality, productivity, and morale - How the Recovery movement has eradicated notions...
