Reviews

This is the very best publication we have read through right up until now. It is one of the most incredible book we have read through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

THE DARKER SIDE OF BLACK MONEY (SECOND REVISED EDITION)

Konark Publication, New Delhi, 2013. Soft cover. Book Condition: New. 367pp. When former Swiss banker Rudolf Elmer handed over information about bank accounts of over 2,000 individuals to WikiLeaks, it stirred the world. This was probably the first step towards the opening of a closet of skeletons, and skeletons they were of politicians, god men, terrorists, oil barons and kings. The details are still awaited but even then, the fact largely known but seldom acknowledged, primarily because of the high-profile names attached with it, has hit the headlines both in India and abroad. It talks about the demand and supply of secret money and how the likes of Swiss banks carve rules that clearly mean ?Come, hide it with us? It discusses various terms such as money laundering and drug trafficking that are often used but not always understood. Besides, it explains why certain countries, termed as tax havens, are more conducive to such stashing of cash. Unfortunately, the problem doesnt end with hiding the money. In fact, it begins here. From funding terrorism to destabilizing a government, this dirty money comes in handy in everything that is murky and illegal. This book unfolds the mystery and explains the modus operandi of this dirty money business. This revised edition includes new material on the rise and growth of...
