

Letters on Church Matters, Vol. 1 (Classic Reprint) (Paperback)

Filesize: 8.29 MB

Reviews

This is basically the greatest pdf i have got go through right up until now. It normally fails to cost excessive. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Genoveva Langworth)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Letters on Church Matters, Vol. 1 You will, in this slight introductory statement, see sufficient reason why this state of things might not unnaturally be confounded with that recently introduced into England by the officiousness of Pionono; but when I shall go on to show you, first, that this episcopal body is the remnant of an old establishment; secondly, that its ancient territorial hierarchy fell into desuetude after it ceased to be established; thirdly, that it was for some time governed by bishops, without territorial titles; fourthly, that these bishops, proprio motu, in the teeth of the State, re-assumed territorial designations that at length they were recognised by the Parliament of England, but not under their territorial designations and, finally, that the English bishops, here acting in their spiritual, and not in their political capacity, do, for all that, treat them as territorial bishops possessing the same authority over districts in Scotland (governing them, to borrow a phrase from Cardinal Wiseman), which they themselves possess over the districts into which ecclesiastical England is divided, I think you must acknowledge that the confusion is on the side of Lord John Russell, and that the theory of episcopacy, as held and acted on by our bishops, makes the present question one of ecclesiastical precedent and canon law, and not one of the Queen's supremacy. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy....
