

Global Democracy and Sustainable Jurisprudence: Deliberative Environmental Law

By Walter F Baber, Associate Professor Political Science Robert V Bartlett

MIT Press Ltd, United States, 2009. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book. In Global Democracy and Sustainable Jurisprudence, Walter Baber and Robert Bartlett explore the necessary characteristics of a meaningful global jurisprudence, a jurisprudence that would underpin international environmental law. Arguing that theories of political deliberation offer useful insights into the current democratic deficit in international law, and using this insight as a way to approach the problem of global environmental protection, they offer both a theoretical foundation and a realistic deliberative mechanism for creating effective transnational common law for the environment. Their argument links elements not typically associated: abstract democratic theory and a practical form of deliberative democracy; the legitimacy-imparting value of deliberative democracy and the possibility of legislating through adjudication; common law jurisprudence and the development of transnational environmental law; and conceptual thinking that draws on Deweyan pragmatism, Rawlsian contractarianism, Habermasian critical theory, and the full liberalism of Bohman, Gutmann, and Thompson. Baber and Bartlett offer a democratic method for creating, interpreting, and implementing international environmental norms that involves citizens and bypasses states--an innovation that can be replicated and deployed across a range of policy areas. Transnational environmental consensus would...
