Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 Excerpt: .land forces0 which cannot operate beyond the shore line.1 It would seem that these successive duties are separate and distinct, and that, in combating invasion on the high seas, the navy discharges its full duty, which terminates when it can no longer keep the sea. 1 The second most powerful navy of the world has been held in harbor almost helpless during the present war. However, the contrary is actually the case, due to the modern developments of methods of warfare, and more especially due to the peculiar conditions of the problem of our defense. The functions of navy and army are interdependent and correlated. To be sure, the maintenance of the command of the sea is purely a function of the navy, as field operations are likewise functions of the army. Between the two is the coast defense, including the coast patrol, coast-guard service, the...
